Select Design Experience

Principal Kerri Mahoney Design | 2014 - Present
Specializing in print and special packaging design projects for recorded and live music and performance.
Current and select clients include Stax, Concord/Craft, NBC/Universal, Sony Music, Fat Possum Records,
MTV/Viacom, and Elvis Presley Enterprises.

Fat Possum Records: I have designed over 50 album packages for this premier independent American indie music label,
with a focus on high profile blues and soul archival releases, such as Al Green: The Hi 45 Singles, which included the
development of a 65-page hardbound book.

Ponderosa Stomp Foundation: Primary creative director and art director for the foremost organization dedicated to
preserving and celebrating American roots music. Responsible for the organization's visual identity, as well as creative
development of assets, including digital media (owned and paid), merchandise, print promotional materials, outdoor
advertising, and museum exhibit graphics for the annual Ponderosa Stomp Music Festival based in New Orleans, LA.
